

ABOUT

Mobile Hope is a faith-based nonprofit that serves mobile home communities. They recently added their third site to the Centennial Square community in Blaine and are excited to be a part of how God is working here in our city. The mission of Mobile Hope is to build relationships, hope, and a culture of achievement within mobile home communities through education, healthy activities, resource connections, and faith development.

OPPORTUNITIES

Homework Help is a key initiative of Mobile Hope. It is an after-school program where students in grades K-12 meet with volunteers at the Hope Center in their community to receive a snack, complete their homework, work on reading and math skills, and play educational games. Homework Help provides an impactful way to build relationships with the kids and their families.
